Downloading TurningPoint Cloud Software

1. Click Downloads.
2. Choose your version.
 - a. **PC-Install** (Local installation meaning application runs from your computer.)
 - b. **PC-No Install** (Installation on network drive such as Piratedrive or other network storage or portable media such as a USB drive. USB drives should backed up and should also be encrypted to protect data in case of loss.)

Before you download, please check with your institution to verify which version is supported.
