Announcements

Two Intern II Seminars were held today for elementary majors in the morning and other majors in the afternoon. Over 300 interns were excited to be reporting to their internship site on January 10.

An Intern I Seminar was also held virtually today and the presentation was recorded to be sent via email to the interns.

The Spring 2023 Walter & Daisy Carson Latham Clinical Teacher & NC New Teacher Support Joint Conference sponsored by the COE will be held March 28, 2023 from 9-2:00 p.m. at the ECU Main Campus Student Center. The Clinical Teacher of the Year also will be recognized. So far 12 clinical teachers have been nominated. The spring interns receive the invitation in January and a response is due in February. This is the first annual Teacher of the Year award and since the conference is prior to the end of the semester, Spring Intern IIs will have the opportunity to also nominate their teacher at the end of the semester for next year's award. Dr. Bryan Latham, who provided an endowment for the Latham Clinical Schools Network, is excited to give out the award this year.

The ECU Education Career Fair is scheduled for March 15 in the Main Campus Student Center. Attending the Career Fair is mandatory for Intern IIs. This year the fair falls during Pitt County Schools Spring Break and some candidates may be given an exemption if they have extenuating circumstances.

Standing Update from the Office of Assessment, Data Management and Digital Learning

Sarah Sconyers, Interim Director reported the following:

- New Dispositions Instrument training is available in the EPP/COE Faculty Resource hub in Canvas. Sarah Sconyers will send departments with training completers a brief report this week.

Integrating Task Stream and Canvas—what the integration will do.

- Canvas courses and assignments can be directly linked to Taskstream portfolios and portfolio elements.
- Annual Taskstream account creation/renewal codes will no longer be needed. Student Taskstream accounts will be automatically created when students are enrolled in a Canvas course tied to a Taskstream portfolio element.
- Students will be able to upload work to Taskstream via Canvas when they log in using their ECU single sign-on; they will not need to log into the Taskstream website separately.
- Instructors for Canvas/Taskstream integrated courses will automatically have Taskstream evaluator privileges for the portfolio elements tied to their course.
- The integration will require instructors to set up and grade Taskstream-linked Canvas assignments in a particular way. OADD will provide training sessions and materials to support program faculty with these processes.

Old Business

None.

New Business

Dr. Fales inquired with program areas about the impact of candidate disposition evaluations on Intern I methods course grade. Dr. Grady commented that faculty did not have disposition ratings since this is completed by the CT in Sonia. Dr. Fales stated that disposition forms in Sonia for Intern 1 candidates are complete and Interns can download the completed forms from Sonia and provide to instructors. This may be a process where additional education is needed for candidates and instructors. A recent intern I situation arose where the intern completed coursework but the internship was cancelled due to unprofessional behavior, there was no way to reflect this in the Internship I course grade in accordance with the syllabus. Dr. Levi Alstaedter recommended that the Policy Committee examine disposition impact on Intern I and determine if a new policy is needed. Susannah Berry motioned for the issue to be referred to the Policy Committee. The motion was seconded by Jeff Pizzutilla.
