

Name: [REDACTED]

HIED 6510 - Action research proposal rubric

- I. Background 8/8 pts
 - a. identifies the experienced or theoretical situations, circumstances, and/or readings that brought you to this topic 2/2 pts
 - b. introduces some of the literature that guided you to frame the problem you are investigating in the way, shape, and form you have chosen to frame it 2/2 pts
 - c. purpose statement: one sentence that explains what it is you are trying to investigate in your study 2/2 pts
 - d. hypothesis(es) or research questions
 - i. related to purpose statement 1/1 pt
 - ii. worded appropriately 1/1 pt

- II. Literature Review 4/4 pts.
 - a. Places study in broader context of research 2/2 pts
 - b. Shows where gaps have existed in previous studies 2/2 pts

"Implementation and structure" of:
Make heading clearer

III. Definitions 2/2 pts provided w/in context of intro + Lit. Rev. -OK

- IV. Methodology and treatment 17/20 pts
 - a. clearly and explicitly documents how study was conducted 1/2 pts Would like to see you clarify the first pt a bit more
 - b. answers following questions:

You can change to "quasi-experimental, time-series design"

You have "Quantitative method" as a heading twice

- i. How will you measure change in behavior (instrument needs to be included as Appendix A)? 2/2 pts
- ii. Why will you choose this method? 1/2 pts Would like to see better support from lit.
- iii. How will you establish baseline data? 2/2 pts
- iv. What intervention/treatment will you introduce (any related documents need to be included as Appendix B)? 1/2 pts Needs greater detail
- v. How often will you introduce the intervention/treatment? 2/2 pts
- vi. How will you measure change over time? 2/2 pts
- vii. How often will you measure change over time? 2/2 pts
- viii. Why will you choose to measure behavior at these intervals? 2/2 pts
- ix. How will you collect "end" data? 2/2 pts

Your method has the component parts but needs to be better organized.

- V. Data analysis 2/2 pts
 - a. Clearly and concisely notes how data will be analyzed 2/2 pts

Try to link to research

- VI. Bibliography and appendices
 - a. Bibliography in correct format? Y/N (if no, -2 pts)
 - b. Appendices include measurement instrument? Y/N (if no, -1 pt.)
 - c. Appendices include Intervention docs? Y/N (if no, -1 pt.)
 - d. Appendices include proposed Timeline of study? Y/N (if no, -1 pt.)

Total: 33 /36 points

Grade: 92

A solid proposal. Lit Rev. is strong and the methodology links clearly to your research questions. I would like to see you provide greater rationale from the lit. for your research design and data collection process as well as a more clear walk through of your treatment. You can attend to these issues in your next draft for ENED 6511.

I thoroughly enjoyed working with you this term. It was especially fun watching you become more articulate in your teaching approach. A
course grade
