

A square wooden boardwalk pattern, composed of various shades of wood (light, medium, and dark brown) arranged in a repeating chevron or zigzag design. The pattern is enclosed in a thin wooden frame. In the center of the pattern is a white rectangular box with a thin black border containing text.

Rustic Modern

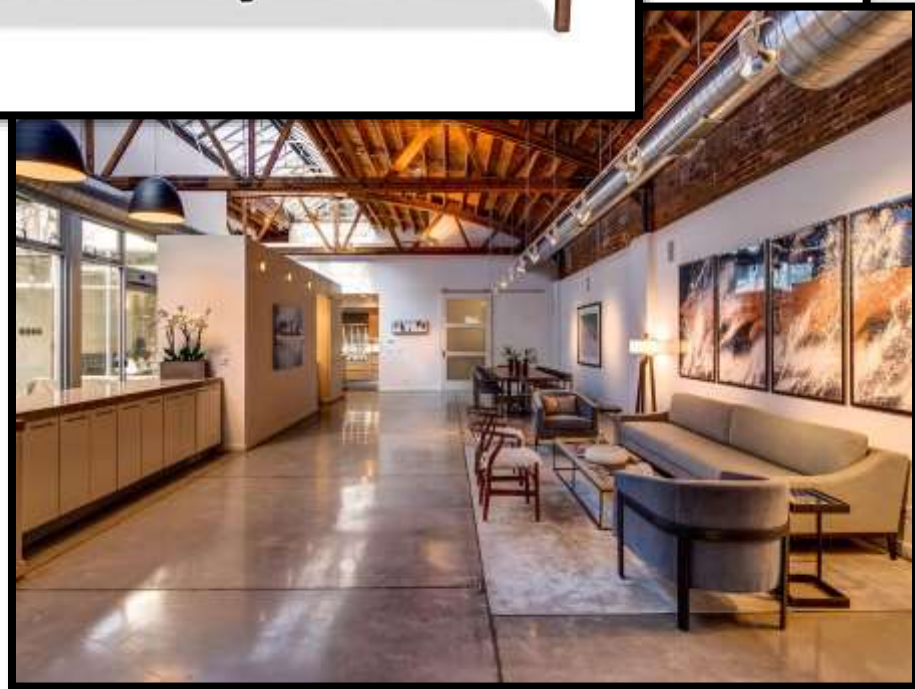

Timeless design focusing on Rustic and Modern elements within the Décor interior walls and furniture.

Combining the rustic warehouse with modern pieces to support the history of Greenville, North Carolina which will relate to former and new residents of the area as well as the keep up of the modern world of design in the present day.

INSPIRATION

Color Scheme

The Color Scheme featured is that of the natural wood forests, and the touch of red which is the color of passion and drama. This color is to signify courage, power and strength while also creating a space that is both exciting and vibrant. The touch of the red allows for a balanced distribution of red and brown tones throughout the space.
