Design Concept

- An LEED certified showroom that embodies healthy building systems
- Enhance human health and well being
- Plants and greenery to bring the outside in
- Environmentally friendly space that encourages social distancing

Color Palette

- The color scheme embodies elegance
- The primary colors include whites, off whites, and greys to make the space appear larger and more open
- The accent colors represent aspects of nature including water, plants, flowers and rocks
- Color scheme allows plants and environmental elements to stand out
