Concept:

Lighting the way

- Light colors and textures
- Small space will feel larger
- Modern aspects will update the space

Color Rationale: Shoreline

- Bright
- Spacious
- Open Concept
- Modern

- Using these colors will allow the space to receive lots of light and will make the space feel bigger.
- When using dark colors it can make a space feel cramped and cold, so by using these bright colors it will keep the space modern as well as open and illuminated
