ASSIGNMENT 10

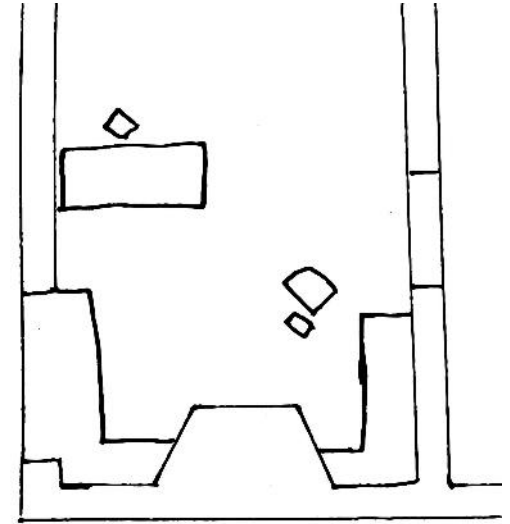

Entry/Reception Sketches

Reception desk placed to the right of the entry. Two chairs, a couch, and a coffee table to the left

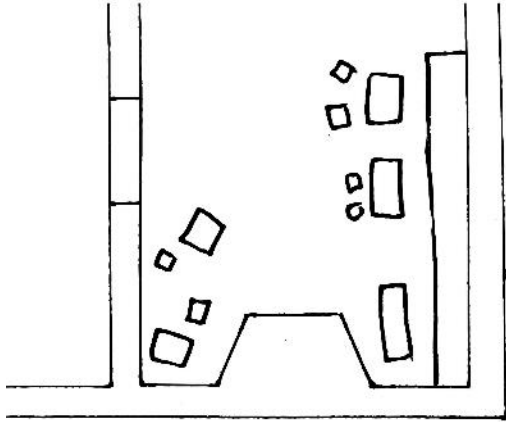

Reception desk placed in the back right of view. Chairs and footstools on both sides of the entry. Small couch and table beside the reception desk.

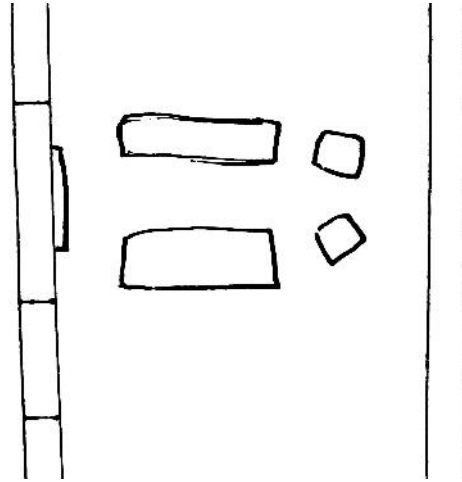

Built in seating wrapping around the entryway, with pillows in Herman Miller fabric. Sample lounge chair to the right and reception desk to the left.

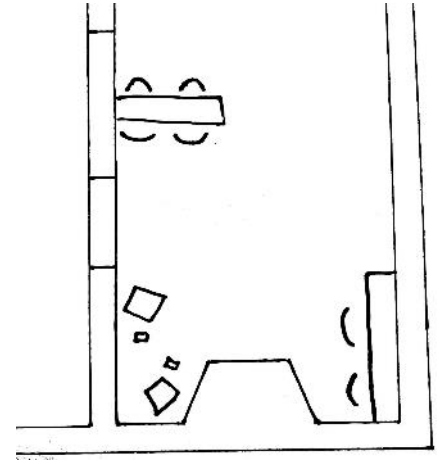

Lounge Sketches

Built-in seating on the left wall, small tables and some seating across from the seating. More lounge seating with foot rests to the left of the doorway.

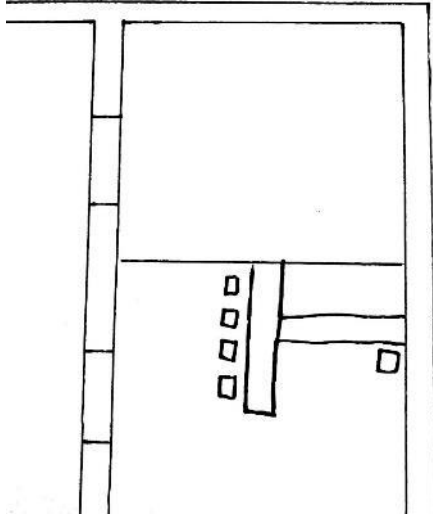

Screen mounted on the wall with two couches and two chairs placed in the center of the space.

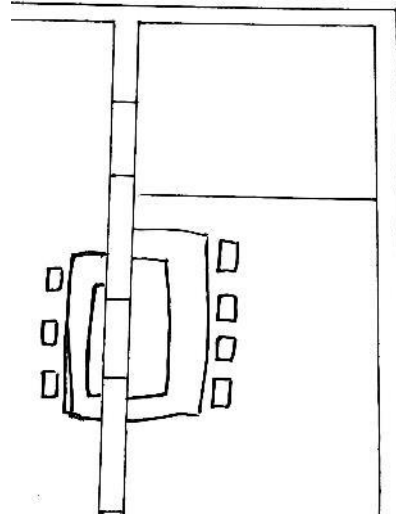

Tall work tables placed on the middle right and left front walls. Small seating area to the left of the entry.

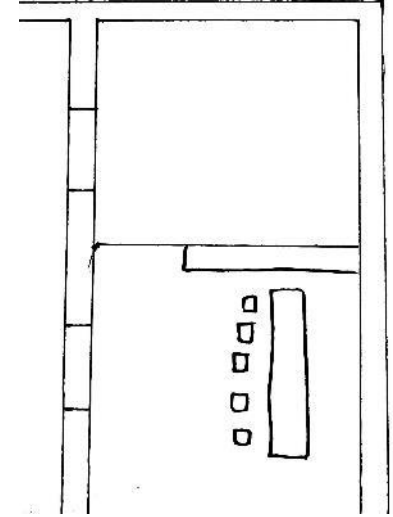

Service Counter

Counter at the back of the space, bar seating extended out to the left, lower counter and singular seating area

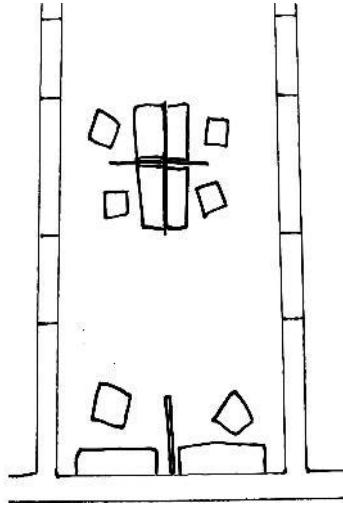

Dual counters - Larger bar height counter right of the doorway, smaller table height counter to the left of the doorway. Different atmosphere on each side of the wall.

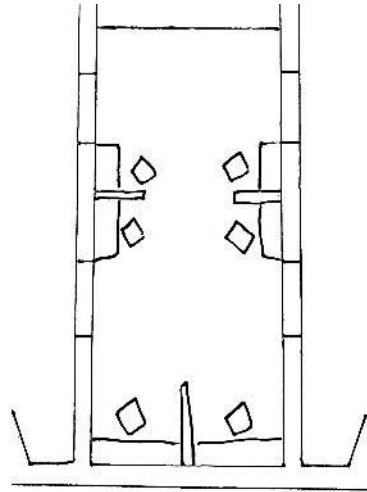

Simple bar height counter with seating. Monumental cube shelving built to the back wall for display of goods

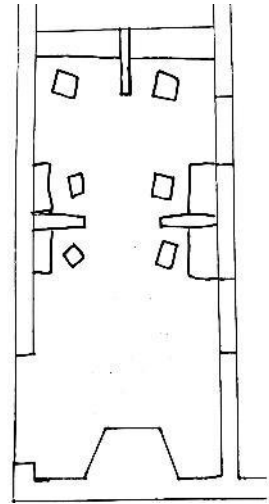

Open Work Area Sketches

Two work areas facing the street
Quad in the center of the space

Two work areas facing the street
Two workstations facing away
in the center of the space

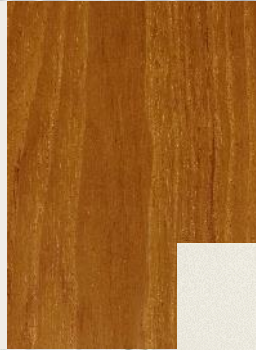

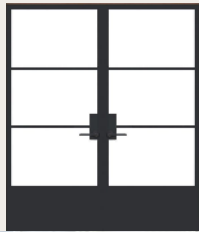

Two work areas facing the back
Two workstations facing away in
the center of the space
