# Master Bedroom Finishes Option 2

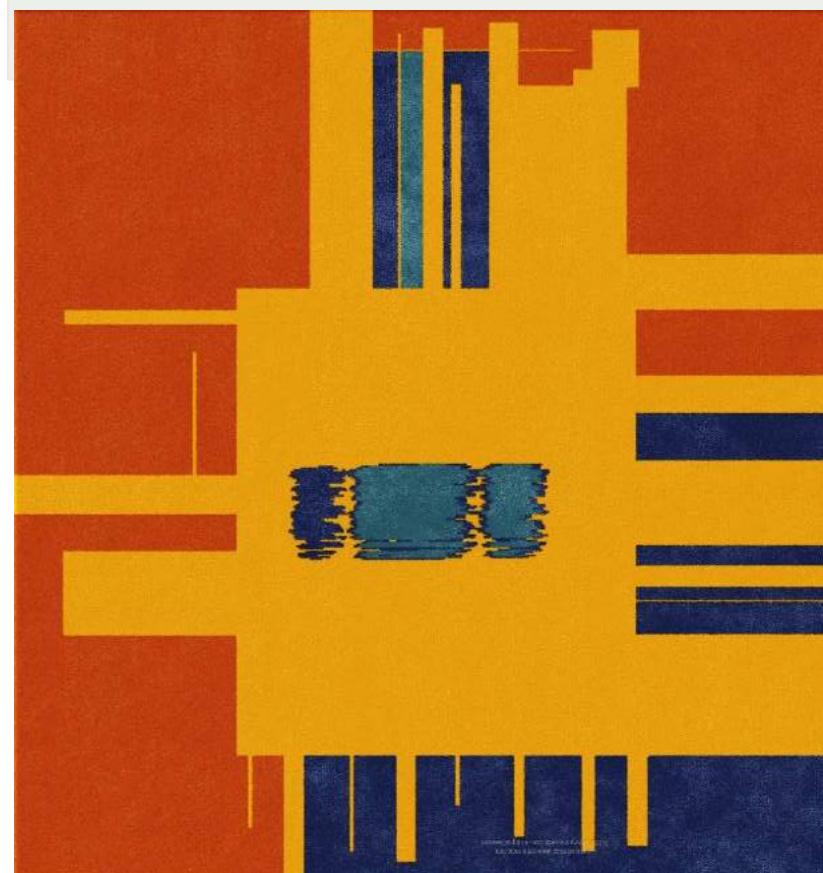

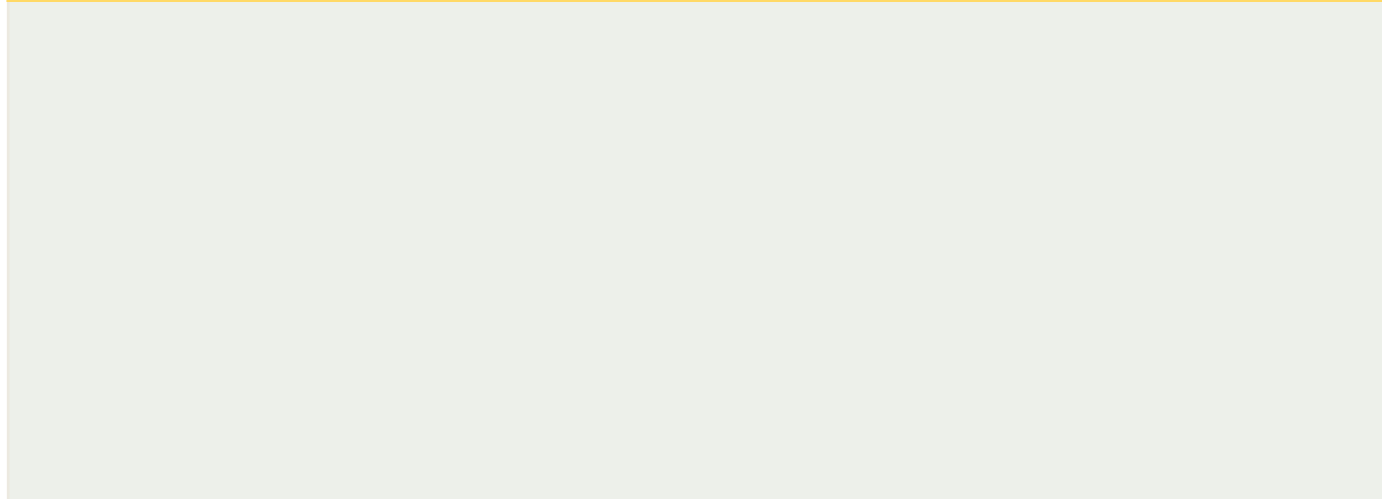

Entry

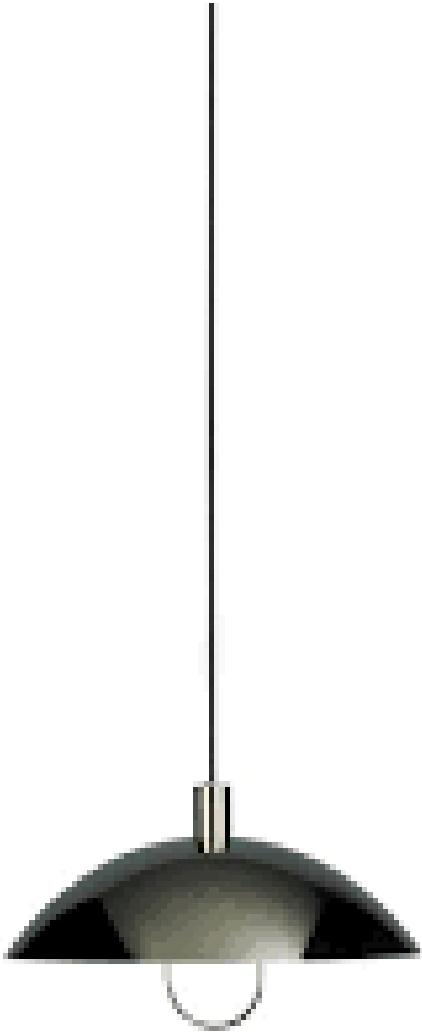

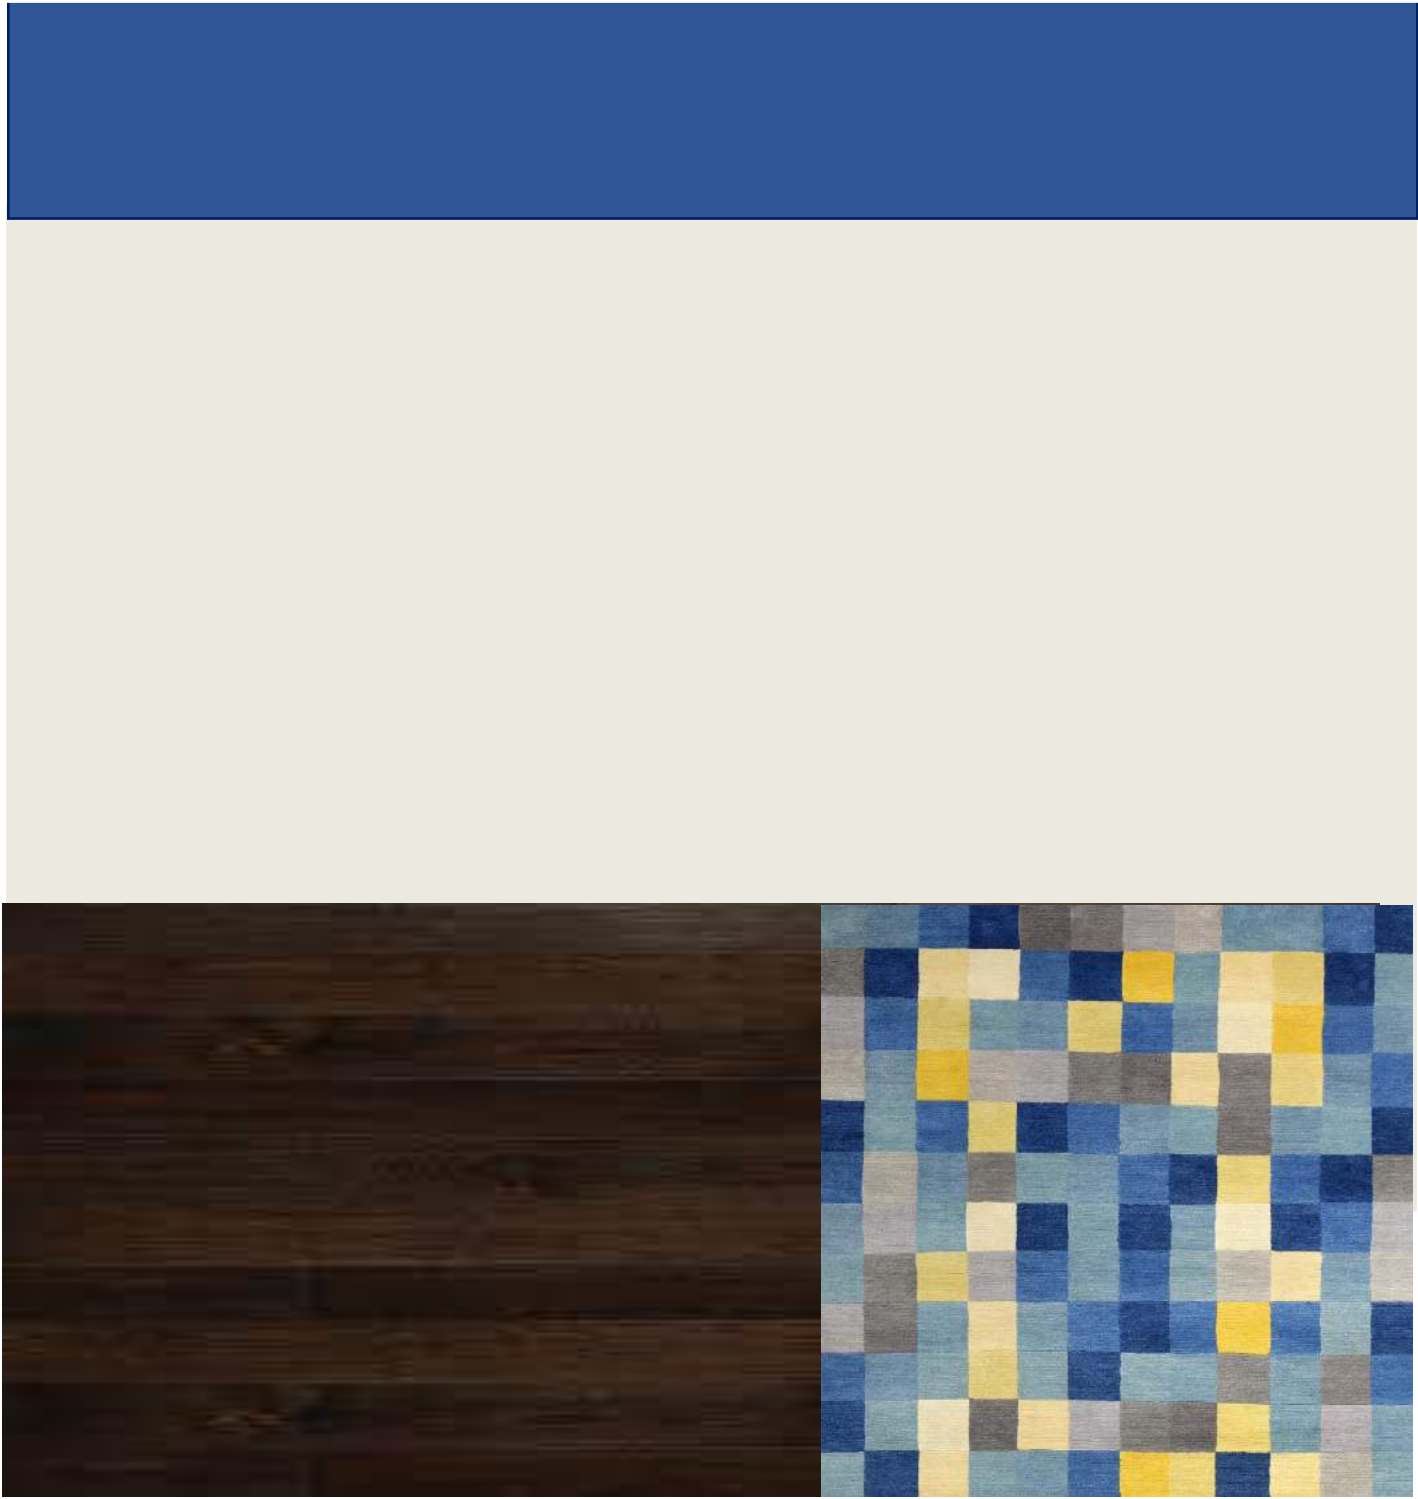

# Entry Finishes Option 1

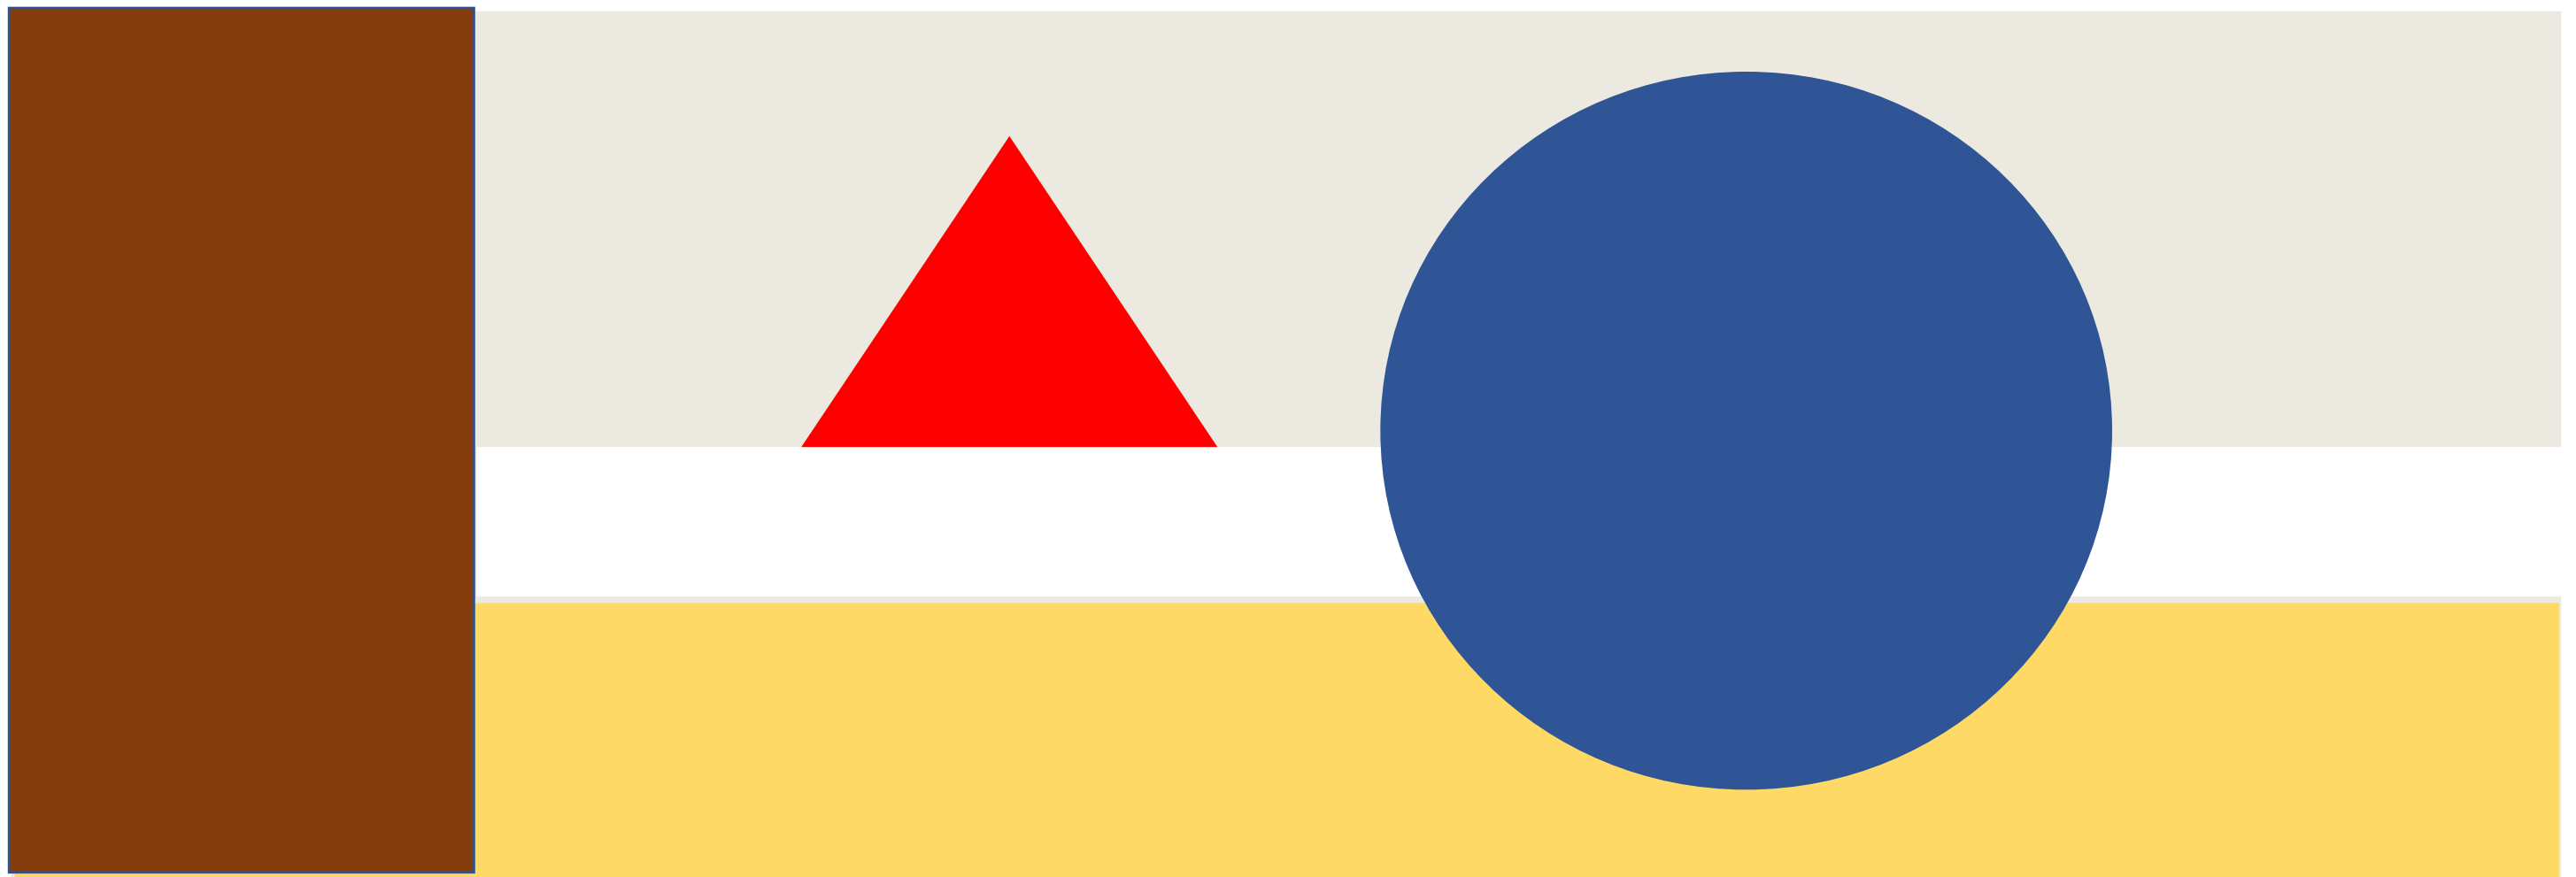

# Entry Finishes Option 2

## Color Rationale

- Red, blue, yellow and neutrals such as brown, and off-white are used in this design.
- The red, blue and yellow are primary colors historically used in Bauhaus design.
- These colors contrast against each other which creates a bold color scheme.
- The use of neutrals in the flooring and walls acts as a calm background for the bold primary colors.
